## PREFACE.

THE Publishers of "THOM'S OFFICIAL DIRECTORY OF THE UNITED KINGDOM OF GREAT BRITAIN AND IRELAND" beg to return their best thanks to the numerous distinguished Persons and Official Authorities who have assisted them in the compilation and revision of the present edition for 1904.

Since the publication of the last Edition great care and attention have been bestowed on the thorough revision of the whole work.

The List of Honours bestowed on New Year's day, the King's visit to Ireland, and on the King's birthday, are fully recorded.

The Statistical portion shows the material progress of the country in all matters connected with its commercial prosperity, and gives the latest available statistics of the Army, Navy, and the other great Departments of the State. The Returns of the Census for 1901 have been made use of throughout.

In special connection with the Fiscal question, the value of the trade of the United Kingdom, both in Imports and Exports with each Foreign Country and British Possession abroad, for the years 1871 to 1902, will be found on pp. 642 to 649, and on page 650 the prices of British wheat from 1801 to 1902, and imported wheat from 1854 to 1902, together with a table showing the percentage variation in the prices from 1872 to 1902, as compared with 1871.

The Army and Navy Directory has been revised up to the middle of December, the latest date at which information is available before going to press, and contains all the recent changes and additions. A Table showing the aggregate Fleets of the chief Naval Powers will be found on page 552.

For the convenience of our Subscribers who may have to travel abroad the Regulations and Form of Foreign Office Passport have been included (see page 183).

Complete lists of the County Councillors, with their addresses, time and places of meeting, are given under their respective counties. The officers of the Rural District Councils will be found under the Poor Law Unions.

The Map of Dublin City and Environs, specially designed and prepared for THOM'S DIRECTORY, and most carefully executed with regard to accuracy and detail, has had all the recent changes in Streets, &c., embodied.

The aim of the Compilers generally has been to make their work indispensable to all classes of the community as a library or office companion, by furnishing a précis of authentic statistical information, combined with a Peerage, Parliamentary Directory, &c., thus providing, in one volume, a ready book for reference on almost all subjects of public interest.

The Publishers will at all times be happy to receive any suggestions which may tend towards making their Work still more useful and convenient to the Public. They would thank any of their Subscribers or of the Public generally who wish to have corrections made to be so kind as to notify same before the 25th October.
