to Beck,

Still following the little lonely bird,
I found a green branch, flowered in
midst of spring,
in which I robed,
Now when leaving this branch
don't really know, whether,
don't really feel
like leaving,

But the little bird,
which I have chosen,
- is loose no escape -

On this dark day
of following
a little bird - called freedom -
I with remembrance
the rest,
the flowered branch
→ strong in the wish
through tender. -

Maybe in some number night,
I will find this branch again
sheltering -

Long is the way

back, but a
searcher
will find
it.
